

Advance-Nilfisk Part

Advance-Nilfisk Parts - Imagine how tiresome it would be to clean up your own home after throwing a big party, without help from cleaning equipment. Before, the time carpets and upholstery had the dust beat out of them by hand; cleaning cloths, brushes and brooms were the leading cleaning materials during that time.

P.A. Fisker, the man who established Nilfisk-Advance, was an electrical engineer who really loved working with electrical motors. Starting the business in 1906, he began to make motors in order to drive machine tools, coffee grinders, drills and fans. Mr. Fisker's vision from the start was to have an international company advertising products internationally.

The Nilfisk C1 was an incredible breakthrough for the cleaning trade. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and could be operated by a single individual. This invention came in a time where numerous cleaning equipment were very big and required 4 or more operators, therefore, the Nilfisk C1 changed everything and developed the manner we clean forever. The genius behind these very first cleaning equipment remains unparalleled. Cleaning equipment provide a brilliant solution to an ongoing crisis; things get dirty and must be cleaned on a regular basis, without too much effort.

Gradually but progressively, Nilfisk-Advance developed through the years. During the 1980s, this expansion really happened the time the company became a part of the NKT Group. Their new owners' drive and concentration made Nilfisk-Advance take a huge leap forward within the business, aspiring to be one of the leading universal players in the market of professional cleaning equipment. Nilfisk-Advance is currently found in all parts of the world by steadily acquiring numerous small businesses in order to develop their product portfolio and presence in new markets. They are proud to offer different cleaning solutions to suit each need.
